

### Quick Facts

The Centre is a community owned and managed facility created 45 years ago to meet the primary care healthcare needs of people in the Township of Leeds and the Thousand Islands, Gananoque, Mallorytown and extending to Kingston and Brockville.

Primary care is provided through family physicians, nurse practitioners and allied health care service providers. The Centre offers a wide range of testing services, nursing care, social work, dietary and mental health services. An increase of services has been made possible through a partnership with the Upper Canada Family Health Team. In addition, a commercially operated pharmacy is part of the facility.

The Centre also serves other communities through its urgent care clinics, open to patients of practitioners in Gananoque and Seeleys Bay that are part of the Thousand Islands Family Health Organization. We host satellite offices for the Alzheimer Society and the Medigas CPAP services.

The Centre serves approximately 2500 registered patients as well as over 1000 urgent care visits annually.

A not-for-profit Ontario Corporation with CRA charitable status.

### Expansion Completed 2012 - 2016

The building expansion campaign launched in December 2012, raised \$550,000 toward the build. The Township holds the mortgage for the shortfall. The expanded facility officially opened in 2015 and was deemed complete with the installation of the elevator in 2016.

### Support Fundraising Events

We launch one major fundraising event during the year as well as smaller ongoing initiatives such as our Wilton Cheese orders. The success of our fundraising events relies on many contributing factors.

- the team of volunteers who provide the manpower to host these events;
- the sellout attendance of loyal supporters;
- financial and product donations and/or sponsorships by many local businesses and individuals.
