Quick Facts

The Centre is a community owned and managed facility created nearly 50 years ago to meet the primary care healthcare needs of people in the Township of Leeds and the Thousand Islands, Gananoque, Mallorytown and extending to Kingston and Brockville.

Primary care is provided through family physicians, nurse practitioners and allied health care service providers. The Centre offers a wide range of testing services, nursing care, social work, dietary and mental health services. An increase of services has been made possible through a partnership with the Upper Canada Family Health Team. In addition, a commercially operated pharmacy is part of the facility.

The Centre also serves other communities through its urgent care clinics, open to patients of practitioners in Gananoque and Seeley's Bay that are part of the Thousand Islands Family Health Organization. We host satellite offices for the Alzheimer Society and the Medigas CPAP services.

The Centre serves approximately 2500 registered patients as well as handling over 1000 urgent care visits annually.

Forward Momentum

You will recall the great community effort in 2012-2016 that saw the expansion and modernization of the Medical Centre. With that work complete, we now have a great facility to maintain and improve.

Please continue your financial support. Your community Board is constantly working to ensure that the Centre is well maintained, all repairs are made, we are equipped, safe and ready to serve.

Ongoing support is vital as we continue to repay our loan, maintain infrastructure and establish reserves for:

- Physician recruitment;
- Infrastructure equipment replacement;
- Medical practice equipment procurement;
- Property and structural enhancements.

Support Fundraising Events

We launch one major fundraising event during the year as well as organizing a community Wilton Cheese order before Christmas. The success of our fundraising events relies on many contributing factors.

- the team of volunteers who provide the manpower to host these events;
- the sellout attendance of loyal supporters;
- monetary and product donations and/or sponsorships by many local businesses and individuals.
